

MICROSOFT PLANNING SERVICES

UNLOCK YOUR MICROSOFT SOFTWARE ASSURANCE BENEFITS

Discover the benefits a properly planned deployment can have on your business. A highly qualified Microsoft Partner, Lexel is certified by Microsoft to deliver Planning Services to eligible Microsoft Software Assurance customers.

The team at Lexel can help your business evaluate how to best deploy a range of Microsoft solutions, whether on-premises, in the cloud, or in a hybrid environment.

Lexel delivers a structured, collaborative consulting experience, offering four planning services to help your organisation plan your next Microsoft deployment:

Desktop Deployment Planning Services. Plan a successful deployment of Microsoft Office 365 Pro Plus, Office Professional Plus, and the Windows desktop O/S.

Skype for Business and Exchange Deployment Planning Services. Evaluate and plan your Microsoft Exchange or Microsoft Skype for Business implementation, whether on-premises, cloud, or hybrid.

SharePoint Deployment Planning Services. Develop customised deployment plans, and assess the overall impact of implementing SharePoint on-premises, SharePoint Online or Microsoft Teams.

Public Cloud, Microsoft Azure Deployment Planning Services. Understand how Microsoft Azure can benefit your business. Identify workloads and projects that maximise return on investment.

BUSINESS BENEFITS

Business transformation. Tailored specifically for your organisation; get the help you need for a deployment, upgrade or migration.
